THE FLAG OF THE UNITED NATIONS this week became a permanent member of the flags that fly in Carmel's Plaza on Ocean Avenue. Appropriately enough, it was waving above the heads of Carmelites in time for the opening of United Nations Week, October 16 to 24. A symbol of hope, it is seen above (lower right) in the good company of Old Glory and the California State flag.

Translation:

It's going to be smart to be economical. If there's anything left over after paying your taxes spend it at

"gadgets unlimited"

where dollar for dollar you can beat Pontiac who after all was only an untutored savage. And who wants to be untutored when he can get tutored at

"gadgets unlimited"

for only $1 at a time anyway? Like a fellow asked me the other day. "What'll you sell this place for?" "10,000," says I. "Oh," he says, "thought you'd like to get rid of it all at once instead of a dollar a time."

So we still got a plethora of wonderful things for $1 like you will be wanting to put in your stockings instead of your feet one of these days. For tax dodgers and other spendthrifts we got things for $2 or more which you would not be ashamed to keep for yourself, in case you got enough strength of character to refrain from putting relatives and other acquaintances under obligation.

GADGET OF THE WEEK: BEAM CRYSTALS. *Guaranteed by Good Housekeeping and guaranteed to keep your silver from tarnishing for 60 days for 50¢. These aren't worth a darn unless your silver is kept in a chest or cabinet with tightly fitting doors.*

ARCH GIBSON SPEAKER AT PENINSULA STAMP CLUB MEETING

At the meeting of the Monterey Peninsula Stamp Club, held at Sunset School, Carmel, October 16, Colonel John R. Wright presided and Mrs. Cary C. Smead, secretary-treasurer, read the club reports. General E. S. Adams and E. D. Yount were named as delegates to the Philatelic Council in Hollister, November 4, when the San Benito County Stamp Club will act as host.

Door prizes donated by Miss Florence Clark were quite unusual. Attractively wrapped and labelled, a water mark detector was won by Captain Edgar Titus, and by Mrs. Nora Law, a leather hand bag outfitted with stamp collector's items--tongs, scissors, perforation guage, catalogue sheets and a set of Italian stamps.

The speaker, Arch Gibson of Monterey, gave an informal talk spiced with humor which was both entertaining and instructive. He traced the history of his own stamp collections from the year 1898, when American soldiers brought home bags of stamps from Manila.

The next meeting of the club will be an auction Monday evening, October 23, at 8 P.M., in the cafeteria at Sunset School, Carmel. All stamp collectors and their friends are invited to attend.

AUCTION WILL BENEFIT RIVER BEACH FUND

An "auction of surplus treasures" will be held at the Carmel Girl Scout House Saturday, October 28, to raise money for the Point Lobos League's purchase fund for the Carmel River mouth beaches.

A committee of 51 persons, headed by Mrs. Malcolm Millard (chairman), Mrs. Edward P. McMurtry (vice-chairman) and Miss Tilly Polak (advisor), is asking for donations of "surplus treasures"--items as choice as possible with which the donors can bare to part.

Half of the $25,000 needed from local sources for the purchase of the beach property was raised this spring. When the ultimate goal is reached, a similar amount will be provided by the County of Monterey--and a total of the two matched by the State. The result will be a mile-long beach and a lagoon preserved as a bird sanctuary.

Articles such as furniture, silver, textiles, porcelain, jewelry and other objects of art are being requested. Contributions will be previewed Friday, October 27, the day preceding the auction, from 2 to 5 P.M., at the Girl Scout House at Lincoln and Sixth. The time for the auction Saturday will be from 1:30 to 5:30 P.M.

The committee has requested that no "white elephants" or rummage be offered for auction. Those having donations to be picked up may call Mrs. J. B. Spellar (7-3637), Mrs. W. H. Harrington (7-4617) or Mrs. Millard (7/3587).

Others serving on the committee are Mr. and Mrs. Robert Buckner, Dr. and Mrs. Howard Clark, Mr. and Mrs. Frederick Farr, Mr. and Mrs. Martin Flavin, Mr. and Mrs. James Glaser, Mr. and Mrs. Harrison Godwin, Colonel and Mrs. Allen Griffin, Mr. and Mrs. Jimmy Hatlo, Dr. and Mrs. Wesley R. ROAD OPENED TO BOY SCOUT CAMP

Celebration marking completion of road to the local Monterey Bay Area Boy Scout council's new 1,370 acre campsite on the north fork of the Little Sur was held Tuesday, October 17. The road was formally opened by E. M. Seifert, Jr., president of the scout organization.

President Seifert paid high tribute to Walter Tavernetti, of Salinas, chairman of the scout council's camp development committee, for his outstanding volunteer service in superintending construction of the road. On the committee are A. M. Lester and Joe Fratessa, of Carmel, and Frank Grantham, Pacific Grove.

Starting in the Palo Colorado Canyon, the road was carved along the steep banks of Turner Creek, past Boutcher's gap, winding through about eight miles of the wildest terrain in Monterey County. Additional improvements will be made after rains settle the ground along the route.

The road is the first part of a proposed long-range plan to equip the most modern Boy Scout camp possible for use by scouts from the three counties of this area. Ultimate objective is to build a campsite for future generations of boyhood, set aside to the sole end that it be preserved as it is, that there will always be a place where the American boy can have the inestimable experience of untouched wilderness, unspoiled natural beauty, and unmarred natural spectacle! Purpose of the planned scout camp is to build a reservation for boys, away from civilization, to offset the softening influence of our modern social life, and to help in the development of America's future men to be self-reliant and of strong character.

PREMIER SPORTSMAN AND TROPHY. Fred Godwin, owner of the La Playa Hotel and Ranch, shows off a beautiful 8 point buck he shot recently on the Bing Crosby Ranch at Elko, Nevada. Look closely and you will see eight points on one side and six on the other. With Godwin at the time of shooting were Wally Westlake, outfielder for the Pittsburg Pirates, and Bill Fleming, pitcher for Portland. The buck, which weighed 211 pounds, was being removed from Gene Ricketts' freeze locker for transportation to the La Playa Ranch when this one-minute Polaroid photograph was taken.

Carmel Work Center Notes

By Carol Tindell

If you haven't already seen the driftwood candelabras made by Milton Williams...you should. Mr. Williams calls himself the "Beachcomber" and the name is fitting...for his creations at least. He gathers driftwood from the beach for the standards of the candelabras and fashions the candle holders of copper. Each piece is an original design for the driftwood suggests what the shape and design will be. We are also fortunate enough to have Mr. William's Beachcomber Lamps...which in part come out of the sea. These lamps...to be used inside or out...are made of copper and Japanese glass fishing floats. The warm copper color and the sea-green of the floats make a striking combination.

Blanche Casey is another craftsman who takes her inspiration from the sea. She makes exquisite sea shells of pottery, glazing them in soft sea shades. They are beautiful used as center pieces with your floral arrangements...in fact they are beautiful used anywhere in the house. The Hippopus Shell happens to be just the right size to serve your sea-food cocktails in (another good gift idea).

Stop in to see the work of these two outstanding craftsmen at either the shop in the Seven Arts Court or the Carmel Work Center at Pebble Beach.

How does school insurance protect the student?

Questions from the floor will be welcomed.

CARMEL REALTY BOARD HEARS ABOUT BUGS IN WOO

Herbert Blank of Ailing House, pest control firm, was the speaker at the Monday luncheon of the Carmel Realty Board. Mr. Blank discussed the new standard rulings of the Termite Association of California relative to the definition of termite infestation. When a householder is given a termite-proof clearance in the future it will include a warranty against the then presence of any type of wood-destroying bug or dry rot.

There was a reaffirmation of the board's opposition to any realtor's placing "for rent" or "for sale" signs on houses in Carmel and Carmel Unincorporated. Realtors in nearby communities were asked to cooperate. It was felt that such signs detract from the attractiveness of the community.

Other business concerned the re-broadcast of the talk made by Richard Nixon before the recent meeting of the California Real Estate Convention in Santa Cruz. The broadcast will be heard from radio station KMBY, Monterey, next Tuesday night from 7:30 to 9:30.

RESTORATION OF MISSION TO BE COMPLETED

The campaign for the restoration of Carmel Mission will officially get underway October 23.

At the height of its glory, in 1826, the Mission was a complete quadrangle and Father Serra's headquarters. Only one side of this quadrangle remains unfinished today. Fifty thousand adobes have been made which are sufficient for the work.

Bing Crosby was one of the first donors to this new work. Men and women from all walks of life are anxious to see this great historical monument restored to its former beauty and usefulness. Father O'Connell, the pastor, plans to include on the fourth side of the quadrangle a convent for the teaching Sisters, a cafeteria, shops, class rooms, a gymnasium, an assembly hall and a theatre.

Governor Earl Warren has expressed his enthusiasm for the completion of this work, which is one of the most beautiful and outstanding landmarks of the nation. Sponsors for the restoration of Carmel Mission include the Most Reverend A. J. Willinger, bishop of Monterey-Fresno diocese; the Honorable Earl Warren, governor of California; the Honorable Joseph Knowland, commissioner of state historical monuments; Andy Jacobsen, chairman of supervisors for Monterey County; Allen Knight, mayor of Carmel; Colonel W. McC. Chapman, mayor of Pacific Grove; Leslie K. Smith, mayor of Monterey; Allen Griffen, publisher of the Monterey Peninsula Herald; S. F. B. Morse, president of the Del Monte Properties Company; Tom W. Norris, president of the History and Art Association; and Frederic M. Godwin, Charles B. Scoville, Jimmy Hatlo, Robert E. O'Brien, Mrs. Joseph W. Stilwell, Countess Claude Kinoull, Remsen Bird, Mrs. Louisa Jenkins, Mme. Maria de Dampierre, Admiral R. K. Turner, the Reverend Michael D. Members and guests had a hilarious time as members of the club paraded by the luncheon tables. Some wore new clothes supplied by Soroptimist members Wilma Campbell, Gladys McCloud, Frances Tilton of the Silver Thimble, and friends of Soroptimists, Henry the Hair Stylist, Ed. Williams (some husbands modeled men's clothes), and Robert Walsh, furs. Other members wore costumes representing their businesses. At the microphone was Mrs. Barbara Cain, a Navy wife who has been conducting a charm school at Wilma Campbell's. Photograph by STEVE CROUCH.

A SERVICE FOR DISCRIMINATING BUYERS

Please say you saw it in the SPECTATOR...That will help me have a better column. --Betsy Abbott.

AT LAST! A FABRIC ROOM with decorator samples large enough to drape over a chair or at a window to help you decide how you want to re-cover a chair or decorate a window. Peggy Long and Claire Cross of the **DECORATOR SHOP** at Dolores and Ocean have brought into the little *fabric room* in their shop everything that you will need to plan the decoration for a room or a house. There is a complete line of fabrics--chintzes, glosheens, cottons, wools, tweeds, hand-loomed fabrics, tapestries, damasks, theatrical gauzes and so on. There are matching wallpapers, too--some exactly the same as the fabrics, and some that are coordinated in design and color. In addition there are wallpaper samples and boucle samples for rugs. Everything is there. If you are re-doing a chair or starting in from scratch, I don't know of an easier way to start than by-going to the little fabric room at the **DECORATOR SHOP** and with the assistance of Peggy Long and Claire Cross choose the coordinated materials you need.

APRIL SHOWERS--DO THEY COME IN NOVEMBER? Maybe! Whether they do or they don't doesn't matter, for at the **COLLEGIATE DRESS SHOP** at 489 Alvarado in Monterey you can buy cloth coats which have been treated with "Crayenette," a water repellent. They shed showers and, better still, are comfortably worn on a clear day--and one need not worry what Old Man Weather is going to do. They come in herringbone and diagonal tweed. The colors are brown, grey and wine.

There are also some wonderfully deep-piled coats in a cashmere and wool blend in lovely grey and copper. So wonderful are they that it is not hard to pretend you are wearing a muskrat or a beaver.

What took my eye away from these luxurious great coats was a full-length oatmeal coat with buttons that have all the richness of tortoise shell. The coat is 100% wool and has an indescribably good look about it.

For the lady who likes to dress conservatively there are smooth, slick 100% cashmere coats with the right amount of restraint and practicability.

The last in the collection of fall and winter coats is a bold tweed with brown, green, red and grey predominating in the mixture. So, rain or sunshine, it's the **COLLEGIATE DRESS SHOP** for a full-length coat to cover us up and keep us dry and warm.

At the **TURNABOUT SHOP** (across the street from the Carmel post office) Mrs. Teudt has readied, for sale, the treasures she brought back from an Oakland antique show--a lovely old German Dresden compote, a crown Dresden bon-bon piece topped with a darling little cherub, and other exquisite pieces. Oh yes, I almost forgot--there is a Limoges miniature tea set that would make a collector or a child very happy.

ARE YOU LOOKING FOR THAT EXTRA LITTLE DRESS TO TIDE YOU OVER? Mrs. Dean of the **CINDERELLA SHOP**, next to the Bank of Carmel, has utilized some left over tie silk that manufacturer David Crystal had been using for better grade dresses. Mr. Crystal's representative came to see Mrs. Dean and the two "cooked up" a dress with simple, comfortable lines that you can wear with furs or under your fur coat later on. These dresses are perfect for lunching or dining out if you wish not to dress up too much, but still want to have the feel of elegant, rich material. They are one-piece shirtmakers with easy shawl collars and three-quarter length sleeves and they come in red, green, grey, blue...with black design. They are nicely priced at $16.95 and may be had in regular and half sizes.

ARE YOU WONDERING WHAT TO DO AT A CHILDREN'S BIRTHDAY PARTY? It's simple. Now that the **CARMEL CAMERA SHOP** on the corner of Fifth and San Carlos has a complete film rental library, why not rent home movies? The children will love it, and your problem will be solved. There are travelogues, sports, films, cartoons and two-reel featurettes to choose from. (There are also war pictures but you'll probably feel that they're more for grown-ups than for children.) Mr. Ralke is deeply interested in his work and would be more than willing to help you make your party a success.

DID YOU KNOW THAT HIGH, LOW AND MEDIUM heeled d'Orsay and opera pumps are exclusive with HOLMAN'S MONTEREY BOOTERY at 409 Alvarado Street in Monterey? Your every heel height is satisfied in these stunning styles by Carmellete, and the prices are a pleasant surprise for such beautifully-made shoes.

Pumps by Carmellete are advertised in *Mademoiselle*, a magazine you know is for the discriminating. You can use your Holman's charge account at **HOLMAN'S BOOTERY**, as this shop is a department of Holman's in Pacific Grove. It is open Thursday evenings until 9 PM.--and you can get S&H green stamps. So, for every pump whim, for every heel height--it's **HOLMAN'S MONTEREY BOOTERY.**

IF, INSTEAD OF SOMETHING SPIKED, you prefer a glass of cool, refreshing water--don't be ashamed to ask for it at the bar in the **CASA MUNRAS HOTEL AND COTTAGES** at 108 Webster Street, Monterey, opposite the post office.

This bar specializes in non-alcoholic beverages in deference to you stalwart souls who are interested in smooth, soothing and satisfying drinks without a kick. If your doctor advises you to take it easy or if you're beyond temptation--or for whatever reason--you'll enjoy an Extra Dry Serpentine (pineapple juice and seedless grape juice--3 ounces, 20¢), a Mike Collins (lemon juice, 7-Up and cherry--8 ounces, 35¢), a Stinker (pineapple juice, Passionola and ice--3 ounces, 20¢), a Pink Lady (tomato juice and ice), or something else from the list of refreshing and satisfying non-alcoholic beverages. Whatever your taste or your thirst, the bar at the **CASA MUNRAS HOTEL AND COTTAGES** has it.

CARMEL MAYOR AND P.T.A. PRESIDENT HALLOWE'EN JUDGES

An official interest by the City of Carmel in the annual Kiwanis Hallowe'en party has been evidenced by Mayor Allen Knight's and P.T.A. President Mrs. Julian von Meier's acceptance of an invitation to act as judges of costumes. They will serve with the Reverend Alfred Seccombe.

The party--appropriately scheduled for the night of October 31--is an annual affair presented by the Kiwanians for the entire city of Carmel. Anyone able to crawl, walk or hobble to the Sunset School athletic field is invited to attend.

Mrs. Marjorie McCausland, principal of Carmel Woods School, has announced that again this year the children of the school will hold a preview parade--for the purpose of giving fond parents and friends a chance of seeing what is in store for them later--at 11:30 A.M. the day of the party. The parade will be held at the school, with the children (kindergarten through fourth grade) in costumes of witches, ghosts, spooks and pumpkins--all of which seem to retain their popularity even in the atomic age.

Costumes are now being made by the children, with the help of their parents and teachers.

BENEFIT PARTY FOR PENINSULA PETS, INC.

A Hallowe'en card party will be held at the Carmel Woman's Club Wednesday afternoon, October 25, beginning at 2 o'clock, for the benefit of Peninsula Pets, Inc.

This organization, which in the 18 months of its existence, has done so much for the welfare of the animals of the Peninsula, is badly in need of funds to carry on the work. Three hundred eighty female cats have spayed and good homes found for 325 animals. All workers are voluntary; there are no paid jobs.

Miss Bess Prewett is in charge of the welfare department. After a brief vacation she has again opened an office, which may be reached by calling 7-7569 between the hours of 1 and 4, Mondays, Wednesdays and Fridays. She is assisted by Mrs. Jessie Kiernan and Mrs. Betty Harrington.

Through Peninsula Pets, Inc., owners of female cats may have their pets spayed for the low fee of $5, the organization absorbing the balance through special arrangement with veterinarians.

A large attendance at the card party is being solicited, as are contributions for the organization, which may be sent to the treasurer, Mrs. T. C. Green, Box 504, Carmel. There will be prizes for each table, as well as delicious home-made refreshments. Admission $1.00. Further information may be had by telephoning Carmel 7-4580.

WHAT THE NEW TAX LAW MEANS TO YOU

The Monterey Peninsula Society of Certified Public Accountants has prepared the following outline of some of the features of the new tax law which became effective on October 1, 1950.

The Tax Law of 1950 began as an enactment to reduce certain taxes and repeal some of the excise taxes which have irked many of the Peninsula's merchants and consumers for a long time. But along came the war in Korea and Congress did a quick about-face to provide more funds for our international commitments. The new law might easily have been more severe, except that this is an election year and Congress was in a hurry to adjourn. A Tax Law of 1951 will inevitably bring higher income taxes and probably an excess profits tsx.

INDIVIDUALS. For most taxpayers almost the only effect of the new law for this year will be the reduction of the percentage credit against the tentative tax, by one-fourth. In 1951 this percentage credit will disappear entirely. The lower income brackets are hardest hit by this, and this is how it works out for a married person with no dependents, whose net income is: $2,000, and a person with an income of $3,000:

	$2,000	$3,000
1949 Tax...	$133	$ 299
1950 Tax...	139 (Increase 4,82%)	313
1951 Tax...	160 (Increase 20.48%).....	360

In order to keep wage-earners paid up under the "Pay-as-you-go" Plan, new withholding tables were issued October 1, which are calculated on basis of a rate of 18% (instead of 15%) on income in excess of exemptions. Personal exemptions and husband-and-wife income splitting provisions of the law remain unchanged.

ARMED FORCES. Members of the Armed Forces on duty in a combat zone (such as Korea) receive special consideration under the new law. It provides that, while on duty in a combat area between November 1, 1950 and January 1, 1952, they shall be exempt from withholding tax. Combat pay of enlisted men and warrant officers serving in a combat zone is tax-exempt for the same period and the first $200 of officers' pay is likewise exempt.

EXCISE TAXES. Television sets and household type quick-freeze units have received a nod of congressional recognition in the form of a 10% excise tax, which goes into effect November 1, 1950. Existing excise taxes on automobiles, furs, jewelry, cosmetics, admissions, etc., remain in effect at the same rates.

CASUAL LABOR. Many businessmen in this area will be concerned with the new provision which requires withholding tax on casual labor not in the course of the employer's trade or business. This relates to janitor- and similar work performed on a part-time basis for a number of employers, and payments are subject to withholding tax if they are over $50 to any one person in any calendar quarter and if the employment is regular. However, remuneration in any medium other than cash, such as food and lodging, is excluded. Newsboys are specifically exempt.

CORPORATIONS. Corporation tax rates are up under the new law, which also provides for speeding up the payment of corporation income tax. Corporations now pay their tax in four quarterly instalments following the close of their tax-year. Payments will be speeded up in graduated steps until, in 1954, corporations will have to pay one-half of their income tax on March 15, and the second half on June 15. Needless to say, this will seriously hurt the financial budgeting of many corporations and will hamper their ability to pay dividends at times when stockholders most need the money to pay their own income tax instalments.

NET OPERATING LOSS DEDUCTION. Under the old law a business taxpayer who suffered a loss year has the privilege of carrying back his loss, after certain adjustments, to the two previous years and obtaining a refund of tax previously paid. Any portion of the loss not so used could be carried forward to two succeeding years. The new tax law retains this principle but makes the carryback only one year, whereas the carryover is now five years. The purpose of Congress in extending the carryover was to stimulate investment of risk capital by giving taxpayers a longer period of time to recover, taxwise, from losses in the beginning years of business.

NEW SOCIAL SECURITY LAW. The new Social Security Law, effective January 1, 1951, brings about many changes in benefits and many new groups of persons become taxable.

It will be discussed in a future article.

ARMED FORCES IN KOREA NEED BLOOD

Blood and ever more blood is needed to take care of military needs in Korea. The mobile blood bank will be in Monterey October 26, from 10:30 to 2:30, and all persons willing to donate a pint of blood are asked to call the Red Cross (7-6719).

O type, or universal donors, are in particular demand, as all O type blood is flown immediately to the Korean front.

Among the groups who will be represented at the collection on Thursday of next week are students of the Army Language School and the volunteer firemen from Carmel Valley. The firemen are donating blood to replace transfusions given to one of their members in San Francisco. A reciprocal agreement has now been worked out with other blood banks, whereby persons needing blood in other cities may have it free of charge, to be replaced through our own blood bank.

MUSICAL ARTS CLUB REVIEW

(The following review was received too late for publication last week. -- Ed.)

The two piano numbers of Angie Machado and Robert Forbes were by far the most outstanding numbers of the Sunday (October 8) concert by members of the Musical Arts Club.

The two players, both well-known artists in their own right, performed with precision and delicacy in their first offerings, and then with power and accentuation of flowing melodic line in the concluding portion of their program. It is regrettable that there are still concert-goers, even in Carmel, who have neither the manners nor the patience to wait until the conclusion of a number before stumbling to their seats. Fortunately such persons were few in number, and so entranced was the audience with the delightful performance of Miss Machado and Mr. Forbes that hardly any but those immediately concerned noticed.

Thomas Griffen, bass, sang four unusual numbers from the Ernest Bacon opera, "A Tree on the Plain." The audience's pleasure and understanding of these songs was enhanced by an explanation by the singer of the spirit and story of the opera. The modern harmonies of the accompaniment were well interpreted by Marie Griffen at the piano.

As a contrast to the musical portion of the program, Ross Worsley recited excerpts from his original poems. The poems are poignant and abound in colorful descriptive phrases. Particularly delightful was "Rain."

Presenting several compositions, well-chosen for the contralto voice, Ruth Cooke, contralto, sang with restraint and interpretive ability. Her accompanist, Noel Sullivan, played the subdued tones of each piece with sympathy.

It is hoped that the Musical Arts Club and the Carmel Evening School, which groups presented the concert, will bring us other talented Peninsula artists in performances of this type.

ANSWER TO THIS WEEK'S

WHO IS IT?

This week's "Who Is It?" photograph by LURL GODEN

The full name of the gentleman appearing as this week's "Who Is It?" is Barnet J. Segal-but around Carmel you hardly ever hear him called anything but "Barney."

Barney is a native of New York City. He was born there January 29, 1898. During his early years part of his time was spent across the river from New York in New Jersey and he attended school in both places. Upon graduation from high school, he attended New York University for one year, but about that time there was something around which is now referred to as the first World War, and Barney did a year's stretch in the army. This was followed by a course in accounting and finance at the Pace Institute--and it must have been this that set the pace for his future career, because he's been accounting, auditing, banking and investing ever since.

For a while after he left school he worked in New York and New Jersey banks, but in January, 1920, he came to California and went to work for the Glendale Bank as a one-man escrow department. After a year of that, he went to Visalia with the Central Counties Gas Company (now part of the Southern California Gas Company) to manage a group of offices as general accountant and auditor. He was with this company for a year, too, and then--the Monterey Peninsula.

After one more year, during which he worked with the Bank of Monterey, Barney organized the Bank of Carmel. That was in 1923. He managed the bank for five years and then turned to real estate and insurance. In 1940 he started the Carmel Savings and Loan Association, and there you can find him practically any day in the week.

Among other things that Barney has done in his local career is the starting of the first art gallery in Carmel. He got up subscriptions and made possible the purchase of the Ira (Rem) Remsen studio, which, with the help of local painters, plumbers, carpenters, gardeners and others, was turned into the first real place that local artists had for the display of their works.

Other of Barney's activities include two terms as Carmel's city treasurer (from 1928 to 1936) and service with the Air Corps ground forces during World War II. He's also a member of the American Legion and the Masonic Lodge.

A favorite eating spot for the Carmelites, for this is the oldest restaurant in Carmel. Right on Ocean Ave.

CARMEL RESTAURANT: Pleasantly located on Ocean across from the park. Tasty food served either at counter or in booths. The food is reasonably priced and the restaurant conveniently open every day including Sundays, from 7 a.m. to 8:30 p.m.

EVERY DOG HAS HIS DAY...

...and almost 600 of man's best friends had *their* day last Sunday. The occasion was the Del Monte Kennel Club dog show at Del Monte Lodge, and a record crowd was on hand to participate in the event--or just to look.

Patricia Hall's Afghan hound, Baron de la Cruz (whose picture appears elsewhere in this issue), was named the best of the local entries.

Three of the other entries in Sunday's show are pictured on this page. At left are Sheila Godwin and her poodle. Miss Godwin is the daughter of the Harrison Godwins of Carmel. Below are Mrs. Paul Clark of Pebble Beach and her Great Dane, Ladymeade Petula, and Mrs. William Wallace Mein, Jr., of Woodside, and her famous Rhodesian Ridgeback.

Miss Marion Kingsland was chairman of the Bench Show Committee for the Show and had charge of all arrangements for this very popular event.

BARON DE LA CRUX, a one-year-old thoroughbred Afghan hound owned by Patricia Hall of Carmel, was winner of three first places at the Del Monte Kennel Club dog show at Pebble Beach Sunday. He won paws downs as the best local entry of his breed--because he didn't have any competition. But he was also proclaimed the best of the novices (those dogs never having been shown before) and the best local entry of any breed. His owner is a member of the eighth grade class at Carmel Junior High School. POLAROID One-Minute Photograph.
